

2024-'25 HIGH SCHOOL SUPPLY & TECHNOLOGY LIST

Technology Requirements: NOTE THE CHANGE FROM IPADS ONLY TO BRING YOUR OWN DEVICE

- Home access to WIFI, internet, and printer (students do not have access to a printer on campus)
- iPad or laptop - full tech requirements and FAQ for BYOD policy on next page
- Extra device charger in backpack, if needed

All 9th-12th Grade students need the following supplies

- At least one binder filled with loose leaf notebook paper
- Graph paper for all Math and Science classes
- Blue or black and red pens
- #2 Pencils (mechanical or regular)
- 1 pair of earbuds (kept in backpack) - for approved use in the classroom per student handbook
- Turn in (1) box of Kleenex and (1) Clorox wipes to the High School office
- **Graphing Calculator TI 84 or 84 Silver Edition ONLY** - All students enrolled in mathematics or science courses MUST have one of these Texas Instruments graphing calculators. DO NOT purchase higher models; students will not be permitted to use them because of their advanced capabilities.
- Most AP courses also require an AP review book or material (\$15-20). The exact book title and ISBN will be distributed once course schedules are set.

BIBLE

- Notebook: spiral or composition
- **Study Bible:** NLT hardback or paperback
- 12th grade - journal notebook (composition type is fine)

ENGLISH

- 1" binder with dividers
- Highlighter
- Composition notebook (English IV only)

MATH

- 3x5 Index Cards
- Notebook paper
- TI 84 calculator described above

SPANISH & ASL

Spanish I:

- 1" binder
- Colored Pencils
- Highlighter

ASL:

- 3x5 index cards (2-3 packages)
- 1" binder with dividers

SOCIAL STUDIES

US History, Economics & Gov't:

- Binder or dedicated section of larger binder
- Large eraser

Geography:

- 3x5 index cards
- Colored pencils

World History:

- Colored pencils

SCIENCE

Biology – All Sections:

- Composition Notebook
- Colored pencils
- 2 pieces of white poster board - not foam (not needed right away)

Anatomy & Physiology:

- Composition Notebook
- Colored pencils
- 2 pieces of white poster board - not foam (not needed right away)

Chemistry – All Sections:

- 2 Spiral notebooks (70 pages or more)
- Colored pencils
- Graph paper (notebook or loose leaf)

Physics - All Sections:

- 2 Spiral notebooks (70 pages or more)
- Colored pencils
- Graph paper (notebook or loose leaf)

OTHER ELECTIVES

Choir:

- 1" 3-ring black binder

Band:

- 1" 3-ring black binder

Athletics

- Athletic clothes sold through the [Spirit Store](#)

All other electives:

- Teachers will notify students of add'l needed supplies

BYOD Minimum Device Requirements and FAQ

Q: Will I need to buy my high school student a 'new' computer?

A: Students may bring their personally owned iPads or laptops. See device requirements below.

Q: What are the minimum requirements for devices?

A:

- Minimum 8" Screen Size
- Battery life: at least 6 hours
- 8GB RAM; 256GB hard drive; WiFi 802.11ac or 802.11ax (WiFi 5 or 6)
- Latest operating system for the device
- Wired or wireless headphones/earbuds
- Microphone (integrated)
- Camera (integrated)
- Software capabilities:
 - Updated virus protection
 - Security: Must have a password/passcode (login) to access the device.
- Students choosing an iPad or other tablet: the device must be no more than 3 years old at the beginning of the year.

Q: Are there any other recommendations for my device?

A:

- Device tracking - Apple's "Find My", LoJack, Tile, etc.
- Extended warranty with accidental damage coverage, if available.
- External hard drive/flash drive for backing up files or cloud storage - Google Workspace allows unlimited cloud storage for our students.
- Additional AC power adapter (if you want one for school and one for home).
- There's no need to purchase Microsoft Office. Your student can download it from Office.com using their LCCS username and password.
- We strongly recommend all students have a case or sleeve to protect their device.

Q: What happens if my student's battery dies?

A: Students are required to bring their devices to school fully charged. We will do our best to accommodate students who need to sit close to a plug temporarily, provided they bring their own charger. The school will not have chargers available.

Q: Can you provide examples of devices?

A:

- Dell Latitude laptop (Windows 11 recommended)
- Apple Macbook Air or Pro (latest operating system recommended)
- Microsoft Surface Pro or Surface Laptop (Windows 11 recommended)
- 9th or 10th Generation iPad or iPad Pro
- Any Chromebook that meets the above minimum requirements

Q: Will technical support be provided for my device?

A: The family is solely responsible for the repair, maintenance, and updating of the device. The school's technology department will help students connect the device to the school's wireless network.

Q: Is there specific software that needs to be installed?

A: Students will need access to a fully functional web browser.

Q: Is the device required to have an Internet filter?

A: We do not require students to have a filter installed on their own device. Parents may choose to install Internet filtering software, although the Tech Department will not troubleshoot it. While at school, personally-owned devices will connect through the same content filter as all school-owned computers. If using a VPN, it will need to be disabled during the school day, and hot-spotting from phones is not allowed.
